

# Friday 19th May, 2017

Kia Ora, Sherenden and Districts Community,

Welcome back to Term 2 and we all hope you've spent some quality time with your children. A busy and exciting term lies ahead for the school and students. On Thursday the 4th we had our first session with Mati from the Hawkes as the school will be covering Basketball as a large ball skill until week 5 before we are going to get support from Trace Custer later in the term who is going to support our school with a 'Dance and Movement' focus. The school is very fortunate to have the support of these skilled individuals. On **May the 22nd** the school is heading to the Planetarium for our Term 2 inquiry unit, 'Planet Earth and Beyond-Our place in the Universe', thank you to all the parents who have volunteered their support to help on the day. Towards the end of term we will invite parents/family to come into school to celebrate their child's learning for around this unit.

Thank you to all the parents who came in again to tidy up the last few bits of the working bee. Our Chicken Coup and retaining wall are now ready for the final stages and we can't wait for the students to start using these areas to support their learning alongside the growth of our fruit trees.

Winter sport kicks off next week, can't wait to see all our students in action in their respective Winter Sports. We have included the hockey and netball draws for the students involved.

Enjoy the weekend
